June 30
through
August 22

Session 1 June 30–July 11

AROUND THE WORLD- WORLD CUP EDITION

Campers will embark on an exciting journey around the world, discovering diverse cultures with a World Cup twist! Each day, they'll "visit" a new country, stamping their personalized passports as they go.

Through hands-on activities inspired by the global love of soccer, campers will engage in unique World Cup-related challenges that celebrate the spirit of teamwork and competition. They'll listen to music, create crafts, and hear folktales while exploring cultural traditions.

FAIRYTALES AND IMAGINATION

This week, campers will enter a world of fairy tales and imagination! We will read popular stories and participate in fun activities that help us learn and create. Campers will make their own crowns, wands, and castles to represent their favorite characters. Through games and pretend play, we will explore important lessons about kindness, courage, and friendship. Join us for a week filled with creativity and learning inspired by fairy tales!

Session 2 July 14–25

SAFARI ADVENTURE

Join us for an exciting Animal Safari Adventure! Campers will explore jungles, savannahs, oceans, and forests through hands-on activities like making animal masks and building mini habitats. Interactive stories, games, and songs will teach fun facts about animals, from roaring lions to waddling penguins. This adventure will inspire curiosity, creativity, and a love for the animal kingdom!

TRANSPORTATION STATION

Join us for a week of adventure in the world of transportation! Campers will explore planes, trains, cars, and boats through hands-on activities and imaginative play. Each day focuses on a different mode of travel with projects like building model vehicles, creating paper airplanes, and crafting sailboats. Campers will race toy cars, enjoy transportation-themed stories, and engage in movement games. From flying in the sky to sailing on water, this week promises fun and excitement!

Session 3

July 28–August 8

DINOSAUR DISCOVERY

Campers will journey back in time to learn all about dinosaurs through hands-on activities and imaginative play. They'll dig for fossils, create dinosaur crafts, and build their own mini "dino worlds." Through movement games, campers will stomp, roar, and chomp like their favorite dinosaurs. From hatching "dino eggs" to exploring the mystery of fossils, this week will bring the fascinating world of dinosaurs to life

LITTLE ENGINEERS

Get ready for a week of fun and hands-on learning! Campers will explore engineering through exciting projects and problem-solving activities. They'll build bridges with blocks, design structures using recycled materials, and experiment with ramps and pulleys. From mini skyscrapers to floating boats, this week will inspire creativity and critical thinking. Join us for play and discovery as campers become little engineers ready to innovate!

Session 4

August 11–22

MATH MAGIC

Join us for an exciting week of Math Adventures! Campers will dive into math through hands-on activities, including counting, shapes, patterns, and measurement. They'll build with blocks, sort colorful objects, and create shape collages. Activities like measuring ingredients, playing number games, and exploring nature for patterns will keep learning playful. With creative crafts, songs, and games, this week will turn math into an exciting adventure that fosters curiosity and develops early math skills!

ART EXPLORERS

Campers will immerse themselves in the vibrant world of art, using mediums like paint, crayons, and clay. Each day features new artistic adventures, including creating masterpieces and experimenting with textures and colors. They'll learn about famous artists and engage in projects like finger painting, collages, and clay sculpting. With hands-on activities, story-inspired art, and fun crafts, this week will ignite imagination and a passion for the arts!

Daily Schedule

PreK 2 & 3

7:30 – 8:30	Extended Day Drop-Off
8:30 – 9:15	Discovery Centers
9:15 – 9:30	Morning Meeting
9:30 – 10:00	Snack
10:00 – 10:30	Gym Open Play
10:30 – 11:00	Math and Literacy
11:00 – 12:00	Daily Walk / Outdoors
12:00 – 12:30	STEAM Project Work
12:30 – 1:30	Lunch
1:30	AM Program Dismissal
1:30 – 2:30	Nap
2:30 – 2:45	Bathrooms
2:45 – 3:15	Discovery Centers
3:15 – 3:30	Full-Day Program Dismissal
3:30 – 4:00	Snack
4:00 – 6:00	Extracurricular Activities
6:00	Extended Program Dismissal

Discovery Centers
Free choice areas including blocks, pretend play, sand & water tables, library, puzzles, art, math, phonics

STEAM Project Work
Whole group STEAM activities related to the week's theme

Math and Literacy
Reinforce your child's early learning skills in Math and Literacy all summer long!

Extracurricular Activities

Monday

- 4:00 - 4:15 Story Time
- 4:15 - 5:00 Lego Engineering
- 5:00 - 5:30 Arts and Crafts
- 5:30 - 6:00 Gym Open Play

Tuesday

- 4:00 - 4:15 Story Time
- 4:15 - 5:00 Discovery Centers
- 5:00 - 5:30 Silly Science
- 5:30 - 6:00 Gym Open Play

Wednesday

- 4:00 - 4:15 Story Time
- 4:15 - 5:00 Yoga
- 5:00 - 5:30 Mathematics
- 5:30 - 6:00 Gym Open Play

Thursday

- 4:00 - 4:15 Story Time
- 4:15 - 5:00 Discovery Centers
- 5:00 - 5:30 Silly Science
- 5:30 - 6:00 Gym Open Play

Friday

- 4:00 - 4:15 Story Time
- 4:15 - 5:00 Lego Engineering
- 5:00 - 5:30 Arts and Crafts
- 5:30 - 6:00 Gym Open Play
